

Johnson C. Smith University
Calculus III | MTH 331 | Section A | Fall 2012

“Every act of conscious learning requires the willingness to suffer an injury to one’s self-esteem. That is why young children, before they are aware of their own self-importance, learn so easily; and why older persons, especially if vain or important, cannot learn at all.”

-Thomas Szasz, author, professor of psychiatry (1920-)

Instructor Information

Name: Dr. James Ashe

Office location: 307 Davis Hall (back); office hours will also be held in the Math Lab, EDU 115

Email: jashe@jcsu.edu

Office phone: (704) 378-1037

Office hours: MWF 10–11am; MW 1–4pm; Tu 12pm–2pm; F 1pm–1:30pm, by appointment, or whenever I’m in my office.

Course Description

This is a **3 credit hour** course; the third of a sequence of four calculus courses which are offered for students from the sciences, social sciences and engineering. Topics covered: Infinite sequences and series, parametric equations and polar coordinates, vectors and geometry of space, functions of several variables, limits and continuity, partial derivatives and applications. Prerequisite: MTH 232 (Calculus II).

Course Materials

Textbook: *Calculus, Briggs and Cochran. ISBN: 978-0321336118*

Calculator: TI-83, TI-83+, or TI-84+

Students should bring their calculator and textbook to class.

Grades

Grades will be taken from homework, quizzes, and Exams as follows:

Grading scale: $A \geq 90 > B \geq 80 > C \geq 70 > D \geq 60 > F$

Evaluation: Quizzes = 20%; Exams 1, 2, 3, and 4 = 15% each; Final Exam = 20%.

Quizzes: Quizzes will consist of any graded assignment which is not an exam. This will include traditional quizzes, take home assignments, and in-class projects. The lowest quiz grade will be dropped.

Final Exam: The final Exam will be a comprehensive in-class exam; see the exam schedule jcsu.edu/happenings/exam-schedule. If beneficial, the final exam score will replace the lowest exam score.

Class Policies

JCSU policies regarding attendance, academic integrity, grades, and change of enrollment will be enforced. It is the student’s responsibility to be aware of these policies and of related deadlines as well as any announcements or syllabus adjustments (written or oral) made in class. Please see the student handbook for details, jcsu.edu/docs/handbook.pdf.

Attendance: Class attendance is required for all JCSU students. Each student is allowed as many hours of absence per term as credit hours(s) received (not to exceed 4) for the class. Students who exceed the maximum number of absences may receive a failing grade for the course.

Students who may miss classes while representing the University in an official capacity are exempt from regulations governing absences. However, absence from class for official University business does not relieve the student from responsibility for any class assignments that may be missed during the period of absence.

Missed quizzes: There will be no make-ups for in-class quizzes unless the class was missed for a University sponsored event, and advance notice of the absence was given by the student. In this case the assignment will be excused or a make-up will be given depending on circumstances. Late take-home quizzes will have 25% deducted for each day it is late.

Missed exams: If a student misses an exam for a verifiable excuse, they should send me an e-mail *as soon as possible* so that a make-up can be arranged. Make-up exams may be significantly more difficult. If you will be gone for any reason, it will be *your* responsibility to inform me at least a week in advance to schedule to take the exam early.

Student support services: If you need course adaptations or accommodations for a documented disability please contact the Office of Disability Services.

jcsu.edu/directory/federal-requirements/general-institutional-information/jcsu-disability-services,
phone: (704) 398-1116.

The Office of Counseling Services provides confidential intakes and assessments, personal counseling and referrals to appropriate resources to all enrolled students on a walk-in or appointment basis.

jcsu.edu/admissions/future_students/meet_your_counselor, phone (704) 378-1044.

Course Content

This is an outline of topics that will be covered in this course.

Chapter 9: Sequences and Infinite Series

- 9.1 An Overview
- 9.2 Sequences
- 9.3 Infinite Series
- 9.4 The Divergence and Integral Tests
- 9.5 The Ratio, Root, and Comparison Tests
- 9.6 Alternating Series

Chapter 10: Power Series

- 10.1 Approximating Functions with Polynomials
- 10.2 Properties of Power Series
- 10.3 Taylor Series

Chapter 11: Parametric and Polar Curves

- 11.1 Parametric Equations
- 11.2 Polar Coordinates
- 11.3 Calculus in Polar Coordinates
- 11.4 Conic Sections

Chapter 12: Vectors and Vector-Valued Functions

- 12.1 Vectors in the plane
- 12.2 Vectors in Three Dimensions
- 12.3 Dot Products
- 12.4 Cross Products
- 12.5 Lines and Curves in Space
- 12.6 Calculus in Vector-Valued Functions

Chapter 13: Functions of Several Variables

- 13.3 Limits and Continuity
- 13.4 Partial Derivatives
- 13.5 The Chain Rule
- 13.6 Directional Derivatives and the Gradient
- 13.7 Maximum/Minimum Problems
- 13.8 Lagrange Multipliers

Important Dates

September 21 th	Last day to Add/Drop
October 10 th	Exam 1
November 9 th	Exam 2
December 5 th	Exam 3
January 7 th	Exam 4
January 15 th –19 th	Final Exam

With exception of the final, the above exam dates are subject to change. JCSU's Fall 2012 academic calendar can be found here: jcsu.edu/happenings/academic-calendar, and the exam schedule can be found here: jcsu.edu/happenings/exam-schedule
