

Mars Hill University
Finite Mathematics | Math 107 | Section 10 | Fall 2014
MWF 12:00-12:50 | Wall 418

“Every act of conscious learning requires the willingness to suffer an injury to one’s self-esteem. That is why young children, before they are aware of their own self-importance, learn so easily; and why older persons, especially if vain or important, cannot learn at all.”

–Thomas Szasz, author, professor of psychiatry (1920- 2012)

Instructor Information

Name: Dr. James Ashe

Office location: Wall 326

Email: jashe@mhu.edu

Office phone: NA

Office hours: WF 1:00-2:00PM

Course Description

Selected topics including an introduction to descriptive statistics, collecting and interpreting data, finite probability and logical reasoning. Prerequisite: MTH 101 or a rating of 2 on the placement exam. Fulfills general education perspectives requirement.

Instructional methods will primarily consist of lectures, in-class discussions, and projects. However other methods may be adopted according to the particular needs of the class.

Course Materials

Textbook/WebAssign: A *WebAssign* account is required for this course. To setup an account complete the following:

1. Go to the website www.webassign.net. In the upper right corner is a gray box,  ; click on it (alternatively click on the picture; it is a hyperlink).
2. Enter the code: .
3. Follow the step-by-step instructions. If you have used *WebAssign* before, use your existing account. If you are creating a new account, use last name dot first name (example: John Smith would have username smith.john).
4. Add your email address the first time you log in. Use your MHU account if possible.

WebAssign is free for the first two weeks of class (until Wednesday 3rd September). An electronic copy of the text *Mathematics, A practical Odyssey* 7th edition ohnson, David B. and Thomas A. Mowry is included with every WebAssign account. If you prefer to buy a physical text, first make certain that it comes with a WebAssign code.

Calculator: A scientific calculator is required for this course. Graphing calculators such as the TI-83, TI-83+, and TI-84+ are allowed and supported.

Grades

Grades will be taken from homework/quizzes, 4 exams, and a Final Exam as follows:

Evaluation: HW/Quizzes = 15%, Exams 1, 2, 3, 4= 15% each; Final Exam = 25%.

Grading scale: $A^+ \geq 98\% > A \geq 95\% > A^- \geq 90\% > B^+ \geq 88\% > B \geq 85\% > B^- \geq 80\% > C^+ \geq 78\% > C \geq 75\% > C^- \geq 70\% > F$

HW/Quizzes: HW/Quizzes will consist of any graded assignment which is not an exam. The majority of this grade will be from the *WebAssign* online HW, however it will also include in-class quizzes and projects. Unless stated otherwise, each HW/quiz will be of equal value. At least two of the lowest HW/quiz grades will be dropped.

Final Exam: The final exam will be given in class on from 2:30-4:30PM on Wednesday 3rd December, 2014; see the exam schedule www.mhu.edu/academics/course-catalog/exam-schedule. *If beneficial, the final exam score will replace the lowest exam score.*

Class Policies

MHU policies regarding attendance, academic integrity, grades, and change of enrollment will be enforced. It is the student's responsibility to be aware of these policies and of related deadlines as well as any announcements or syllabus adjustments (written or oral) made in class. Please see the student handbook for details, www.mhu.edu/campus-life/student-handbook. All Mars Hill University students are expected to conform to the following code:

Honor Code

"We, the students of Mars Hill University, pledge ourselves to uphold integrity, honesty, and academic responsibility in and out of the classroom."

Honor Pledge

"On my honor, I have neither given nor received any academic aid or information that would violate the Honor Code of Mars Hill University."

Attendance: 2.5% will be deducted from a student's final grade for each absence over five. Leaving early will count as one tardy, and three tardies will be counted as one absence. There are no excused absences. Classes missed for personal or school related events, e.g., sports, band etc., are included in the five absences which are not penalized.

Missed HW/quizzes: There will be no make-ups for in-class quizzes unless the class was missed for a University sponsored event, and advance notice of the absence was given by the student. In this case the assignment will be excused or a make-up will be given depending on circumstances. Late take-home assignments will have 25% deducted for each day it is late.

Missed exams: If a student misses an exam for a verifiable excuse, they should send me an e-mail *as soon as possible*; in most cases the missed exam will serve as the lowest exam score to be replaced by the final. If you will be gone for any reason, it will be *your* responsibility to inform me at least a week in advance to schedule to take the exam early.

Snow Policy: If class is canceled due to inclement weather, I will send an email to the class via MHU Webmail. *It is your responsibility to check your MHU email account regularly for announcements from the instructor.*

Student support services: If you need course adaptations or accommodations for a documented disability please contact the [Disability Services](#) (828) 689-1410 and/or [Student Support Services](#) (828) 689-1380. The [Counseling Center](#) (828) 689-1196 provides confidential intakes and assessments, personal counseling and referrals to appropriate resources to all enrolled students on a walk-in or appointment basis.

Disclaimer: While I do not foresee any significant changes to the items in this syllabus during the semester, I reserve the right to make appropriate changes. Students will be notified of any such changes in writing.

Tentative MTH 107 Schedule

Wednesday 20 th August	Syllabus, Intro. to WebAssign, Section 2.1
Friday 22 nd August	Section 2.1
Monday 25 th August	Section 2.2
Wednesday 27 th August	Section 2.3
Friday 29 th August	Section 2.3
Monday 1 st September	Section 2.4
Wednesday 3 rd September	Section 2.4
Friday 5 th September	Review
Monday 8 th September	Exam 1
Wednesday 10 th September	Section 1.1
Friday 12 th September	Section 1.2
Monday 15 th September	Section 1.2; Last day to drop w/o an "T"
Wednesday 17 th September	Section 1.3
Friday 19 th September	Section 1.3
Monday 22 nd September	Section 1.4
Wednesday 24 th September	Section 1.5
Friday 26 th September	Section 1.5
Monday 29 th September	Review
Wednesday 1 st October	Exam 2
Friday 3 rd October	Section 3.2
Monday 6 th October	Fall Break
Wednesday 8 th October	Section 3.3
Friday 10 th October	Section 3.3
Monday 13 th October	Section 3.4; Last day to withdraw with a "W"
Wednesday 15 th October	Section 3.4
Friday 17 th October	Section 3.5
Monday 20 th October	Section 3.6
Wednesday 22 nd October	Section 3.7
Friday 24 th October	Review
Monday 27 th October	Exam 3
Wednesday 29 th October	Section 4.1
Friday 31 st October	Section 4.2
Monday 3 rd November	Section 4.2-4.3
Wednesday 5 th November	Section 4.3
Friday 7 th November	Section 4.3-4.4
Monday 10 th November	Section 4.4
Wednesday 12 th November	Section 4.4
Friday 14 th November	Section 4.4
Monday 17 th November	Section 4.4
Wednesday 19 th November	Review
Friday 21 st November	Exam 4
Monday 24 th November	Review
Wednesday 26 th November	Thanksgiving Break
Friday 28 th November	Thanksgiving Break
Monday 1 st December	Review
from 2:30-4:30PM on Wednesday 3 rd December, 2014	Final Exam
