

Introduction

Finite Mathematics MTH 107 Fall 2014

Dr. James Ashe

Mars Hill University

Wednesday 20th August, 2014

`/home/jim/JamesAshe/MHU/images/MarsHillU`

Mathematics: A Practical Odyssey, 7th ed.

Johnson & Mowry

Course Outline

Mathematics: A Practical Odyssey, 7th ed.

Johnson & Mowry

Course Outline

Chapter 2: Sets and Counting

Chapter 2: Sets and Counting

- 2.1 Sets and Set Operations
- 2.2 Applications of Venn Diagrams
- 2.3 Intro to Combinatorics
- 2.4 Permutations & Combinations

Chapter 2: Sets and Counting

- 2.1 Sets and Set Operations
- 2.2 Applications of Venn Diagrams
- 2.3 Intro to Combinatorics
- 2.4 Permutations & Combinations

Chapter 2: Sets and Counting

- 2.1 Sets and Set Operations
- 2.2 Applications of Venn Diagrams
- 2.3 Intro to Combinatorics
- 2.4 Permutations & Combinations

Chapter 1: Logic

Exam 1: September 8

Chapter 2: Sets and Counting

- 2.1 Sets and Set Operations
- 2.2 Applications of Venn Diagrams
- 2.3 Intro to Combinatorics
- 2.4 Permutations & Combinations

Chapter 1: Logic

- 1.1 Deductive vs. Inductive Reasoning
- 1.2 Symbolic Logic
- 1.3 Truth Tables
- 1.5 Analyzing Arguments

Exam 1: September 8

Mathematics: A Practical Odyssey, 7th ed.

Johnson & Mowry

Course Outline

Chapter 2: Sets and Counting

- 2.1 Sets and Set Operations
- 2.2 Applications of Venn Diagrams
- 2.3 Intro to Combinatorics
- 2.4 Permutations & Combinations

Chapter 1: Logic

- 1.1 Deductive vs. Inductive Reasoning
- 1.2 Symbolic Logic
- 1.3 Truth Tables
- 1.5 Analyzing Arguments

Exam 1: September 8

Exam 2: October 1

Mathematics: A Practical Odyssey, 7th ed.
Johnson & Mowry

Chapter 3: Probability

- 3.2 Basic Terms of Probability
- 3.3 Basic Rules of Probability
- 3.4 Combinatorics & Probability
- 3.5 Expected Value
- 3.6 Conditional Probability
- 3.7 Independence; Trees in Genetics

Chapter 3: Probability

- 3.2 Basic Terms of Probability
- 3.3 Basic Rules of Probability
- 3.4 Combinatorics & Probability
- 3.5 Expected Value
- 3.6 Conditional Probability
- 3.7 Independence; Trees in Genetics

Mathematics: A Practical Odyssey, 7th ed. Johnson & Mowry

Chapter 3: Probability

- 3.2 Basic Terms of Probability
- 3.3 Basic Rules of Probability
- 3.4 Combinatorics & Probability
- 3.5 Expected Value
- 3.6 Conditional Probability
- 3.7 Independence; Trees in Genetics

Chapter 4: Statistics

Mathematics: A Practical Odyssey, 7th ed. Johnson & Mowry

Chapter 3: Probability

- 3.2 Basic Terms of Probability
- 3.3 Basic Rules of Probability
- 3.4 Combinatorics & Probability
- 3.5 Expected Value
- 3.6 Conditional Probability
- 3.7 Independence; Trees in Genetics

Chapter 4: Statistics

- 4.1 Population, Sample, & Data
- 4.2 Measures of Central Tendency
- 4.3 Measures of Dispersion
- 4.4 The Normal Distribution

Exam 3: October 27

Mathematics: A Practical Odyssey, 7th ed. Johnson & Mowry

Chapter 3: Probability

- 3.2 Basic Terms of Probability
- 3.3 Basic Rules of Probability
- 3.4 Combinatorics & Probability
- 3.5 Expected Value
- 3.6 Conditional Probability
- 3.7 Independence; Trees in Genetics

Chapter 4: Statistics

- 4.1 Population, Sample, & Data
- 4.2 Measures of Central Tendency
- 4.3 Measures of Dispersion
- 4.4 The Normal Distribution

Exam 3: October 27

Exam 4: November 21

15% HW/Quizzes

15% HW/Quizzes

15% Exam 1

15% Exam 2

15% Exam 3

15% Exam 4

HW/Quizzes

WebAssign online HW and anything that isn't an Exam.

15% HW/Quizzes

15% Exam 1

15% Exam 2

15% Exam 3

15% Exam 4

25% Final Exam

HW/Quizzes

WebAssign online HW and anything that isn't an Exam.

Final Exam

Will replace the lowest exam score, if beneficial.

Attendance

Attendance

- Come to class.

Attendance

- Come to class.
- 2.5% will be deducted for each absence over 5.

Attendance

- Come to class.
- 2.5% will be deducted for each absence over 5.

Make-ups

Attendance

- Come to class.
- 2.5% will be deducted for each absence over 5.

Make-ups

- At least 2 will be dropped.

Attendance

- Come to class.
- 2.5% will be deducted for each absence over 5.

Make-ups

- At least 2 will be dropped.
- No make-ups for HW/quizzes.

Attendance

- Come to class.
- 2.5% will be deducted for each absence over 5.

Make-ups

- At least 2 will be dropped.
- No make-ups for HW/quizzes.
- A missed exam will count as the lowest exam to be replaced by the final.

Attendance

- Come to class.
- 2.5% will be deducted for each absence over 5.

Make-ups

- At least 2 will be dropped.
- No make-ups for HW/quizzes.
- A missed exam will count as the lowest exam to be replaced by the final.
- If you know you will miss an exam, schedule to take it at a different time.

A *WebAssign* account is required for this course. To setup an account complete the following:

- 1 Go to the website www.webassign.net. In the upper right corner is a gray box, , click on it.

A *WebAssign* account is required for this course. To setup an account complete the following:

- 1 Go to the website www.webassign.net. In the upper right corner is a gray box, , click on it.
- 2 Enter the code for your section.

A *WebAssign* account is required for this course. To setup an account complete the following:

- 1 Go to the website www.webassign.net. In the upper right corner is a gray box,  [/home/jim/JamesAshe/MHU/MHU_Finite_Ma](#), click on it.
- 2 Enter the code for your section.
- 3 Follow the step-by-step instructions. If you have used *WebAssign* before, use your existing account. If you are creating a new account, use last name dot first name (example: John Smith would have username smith.john).

A *WebAssign* account is required for this course. To setup an account complete the following:
