

A grid of fractions arranged in rows and columns. The first row contains $\frac{1}{1}$, $\frac{1}{2}$, $\frac{1}{3}$, $\frac{1}{4}$, $\frac{1}{5}$, $\frac{1}{6}$, and $\dots$. The second row contains $\frac{2}{1}$, $\frac{2}{2}$, $\frac{2}{3}$, $\frac{2}{4}$, $\frac{2}{5}$, $\frac{2}{6}$, and $\dots$. The third row contains $\frac{3}{1}$, $\frac{3}{2}$, $\frac{3}{3}$, $\frac{3}{4}$, $\frac{3}{5}$, $\frac{3}{6}$, and $\dots$. The fourth row contains $\frac{4}{1}$, $\frac{4}{2}$, $\frac{4}{3}$, $\frac{4}{4}$, $\frac{4}{5}$, $\frac{4}{6}$, and $\dots$. The fifth row contains $\frac{5}{1}$, $\frac{5}{2}$, $\frac{5}{3}$, $\frac{5}{4}$, $\frac{5}{5}$, $\frac{5}{6}$, and $\dots$. Below the grid are six vertical dots. Red arrows indicate a path from $\frac{1}{1}$ to $\frac{2}{1}$ (down), and from $\frac{2}{1}$ to $\frac{1}{2}$ (up and left).
